SKILLS

Technical skills

- **Excel, R** (Data manipulation and statistical analysis)
- **Sql,html** (Designed a library-style database project)
- **NoSQL,mongoDB,JSonJavaScript** (Developed a Connect Four game)
- **Python** (pandas, scikit-learn, ...)
- **C** (Created a game)
- **Java** (Developed a spreadsheet application)
- Maîtrise de **wordpress/elementor** (Managed a sports association website)
- **Git**
- **DBT**
- **PowerBI,RestAPI**
- **BigQuery**
- **Airflow**

Mathematics skills

- **Numerical Analysis**
- **Statistics**
- **Machine Learning** (various data analysis methods): Random Forest, Gradient Boosting, k-Nearest Neighbors...

Softskills

- Strong interpersonal skills (Participation in community events)
- Teamwork
- Autonomy
- Rigour
- Stress management (Participation in high-stakes competitions: World Cup)

Data Specialist, Applied Mathematics Engineer

FORMATIONS

Computer Science and Statistics Engineer – Polytech Lille

Polytech Lille , Lille - 09.2022 / 07.2025

Maths and Physics Preparatory Classes

Lycée Albert Chatelet, Douai - 09.2020 / 07.2022

Passed CCP and E3A competitive exams

High School Diploma

Lycée Albert Chatelet, Douai - 09.2017 / 07.2020

Scientific Baccalaureate (Bac S) – Highest honors (Mention Très Bien), Mathematics option, Sports section (Fencing)

PROFESSIONAL EXPERIENCES

Data Scientist Internship

ETMF Sud, Toulon - 2024

Predictive model to assess accident risk (Random Forest)

Predictive model to identify and correct misclassified elements

API development (FastAPI, Docker)

Project management

Vector databases (document sorting)

Data Analyst Internship

Exotec, Croix (59) - 03.2025 / 08.2025

Creation and maintenance of an Analytics Hub containing all data assets of the Data Team

- Developed the interface (**PowerApps, Power BI**)

- Retrieved necessary data (**BigQuery, dbt, SQL, Power BI REST API**)

- Shared with the team and managed communication (**Git**, etc.)

Developed a team KPI dashboard

Data ingestion and workflow orchestration using **Apache Airflow**

- **Automated ETL pipelines**, monitoring and scheduling

- Integration with **cloud data platforms** and databases

INTERESTS

Fencing

High-level athlete in fencing for over 10 years

Regional-level referee (ability to make quick decisions)
